SOUTH AFRICA REPORT

At this stage our team consisting of four boats is awaiting information on engine, boat and race specifications so that our representation to South Africa is well coordinated and prepared. The three race series held near Durban (the Tugela River) is a high profile media event in South Africa and the PDRC committee has offered to assist in what ever way it can to help the success of this venture.

Some solid decisions are required at this point in time to get the show on the road!!

Gerry Post has booked some 20 seats for March 4th on Qantas.

BUSSELTON FESTIVAL REGATTA

In addition to the summary information above, the following extra info has been supplied by Bryan Harries:

Tubs and F 8s will be racing behind the council offices on the Saturday.

On Sunday, Dinghies will race from Meelup to Busselton non-stop (Dont forget your mast, flag and kill switch!).

Marine and Harbours have yet to advise on flares, anchors.

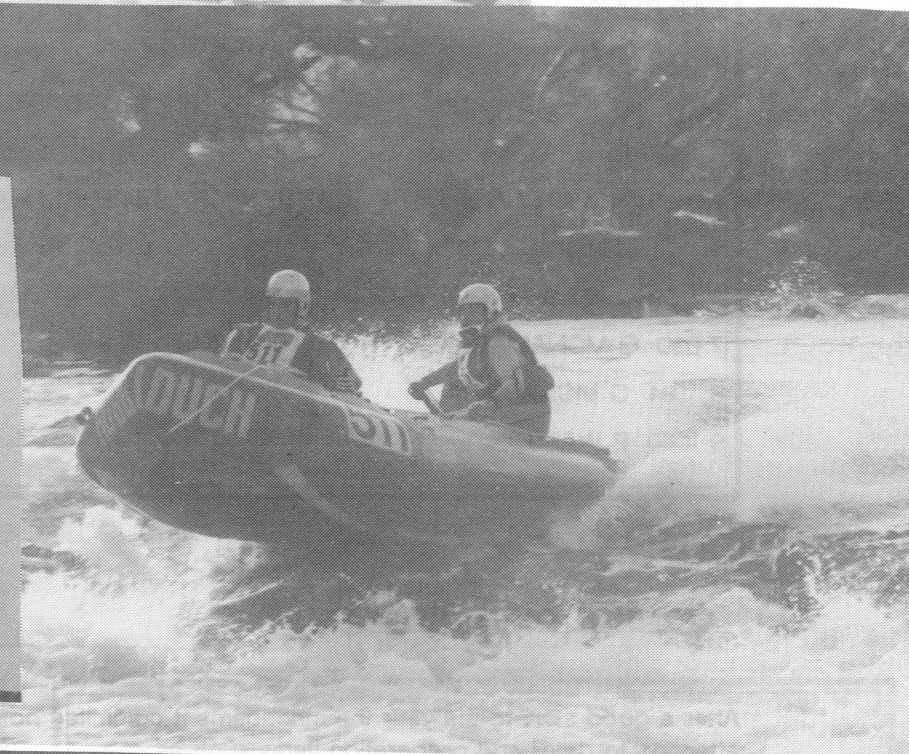

Briefing on both days will be at 8.00am with racing getting underway at 8.30am.

Starting for the Busselton non-stop will be "Le Mans" style.

Bryan has requested the club supply two large orange turn buoys, a start/finish banner, two volunteer rescue boat crew for both days, one set of start flags, a time keeper, Lap counter and a Pit Marshall.

Entry form is enclosed!

HOLDERS OF PERPETUAL TROPHIES PLEASE RETURN THEM URGENTLY!

COMMODORES NOTES:

After a good start to the year the management committee noted, particularly at Northam, a lack of attention to detail and preparation items such as :

Wet suits not up to standard - holes in knees etc.

Race numbers on both boats and helmets either not on at all or incorrect numbers or badly painted or fitted.

Changing engines when this is not permitted under the race rules.

Competitors racing whilst under the influence of intoxicants.

Members please lift your game or you may find yourself watching the next race from the bank!!!

SNIPS:

Congrats to Nick Carroll - now 21!

Craig Whately - Under the shade of his new pergola!
