Committee Meeting 27th September 1994	
General Meeting 10th October 1994	

HOT GOSS FUN !!!

Sunnyside Mr M after coming to grief on a rock was heard to be using his cowl as a punching bag, NOW! NOW! Mr. M - Temper! Temper!

Mr. B and Mrs. B I'm told flipped 249 times at the Basin Rapids, How many times? 100 times - How many times? 10 times - How many times? "Once at the start".

Mr. E after presentation started handing out a well presented pav and plum pud. Just something he whipped up in his spare time. Believe it or not? gun boots and all.

TRINITY - 17.7.94

Went fishing with the right bait and bang - hook, line and sinker the whoppers were flowing. The BB's told me I was doing 21 seconds between the posts, I was astonished for the first time I didn't even know my own times. In the T.H.P.C. if your not under 18 sec. post to post, you can't catch Mr G or Mr. M.

THE GLADIATORS

Avon day is drawing near and all the goss will be no mc. Like gladiators in chariots we will start the charge in lines of four.

Shooting past crowds, fleeting colours excitement they will see and hear cheers of success or groans of despair!

Over rapid and rock built like battlements - CHARGE! CHARGE! into history we see.

At the end of the day we will stand in awe, for we all won!

From the shores of the highlands to the shores of the sea we made it!

Remember my friends in success or despair we stand tall as the gladiators of the sea.

RULE PROPOSALS

I propose that time trials be re-introduced to the Avon Descent. The time trials will be a qualifying race for entry into that event.

PROPOSED: PAUL TREGURTHA
SECONDED: TONY OVERSTONE

BALDIVIS RACE REPORT

Once again the Upper Avon Challenge was cancelled, this year however it wasn't due to the low water levels as has been the case in past years. It was in fact probably the highest water level ever.

The field was good with three classes Class 1, 8 hp sports and 8hp standard. It was excellent practise for those that had new boats and crews to try out - as Keith and Kerry quickly discovered. Kieth was overhead commenting that Kerry would make a good pastry cook, everything must be flipped. The 10hp class is starting to get it together with a few new craft making their debut. The Bullet Boys are still a hard act to follow.

A special thanks to all who helped out on the day. I certainly discovered that it is harder to organise a circuit race than a river race because everyone at this time of year wants to jump into a dinghy.

NEVILLE WATSON
RACE DIRECTOR

SUNNYSIDE DOWN - 10.7.94

CLASS 1

1st Boat	124	Berloth/Metcalfe	1.29.16
2nd Boat	163	Chittick/Peach	1.31.08
