**RED FLAG
REMINDER****Commodore's Ball 3 May 1997****Annual General Meeting
14 April 1997****COMMODORE'S COMMENTS****April 1997**

Included with this Newsletter is an update of the PDRC Constitution, Competition Rules and Specifications. This list supersedes all others and should be used in conjunction with the WASDA/PDRC rule book dated January 1994. These amendments represent over three years of changes so I suggest you either carefully amend your rule book at the appropriate section or remember to always consult the amendment list when checking a rule or regulation.

The AGM will be close by the time you receive this newsletter, please make an effort to attend this, the most important meeting of the year. For myself, this meeting mark the end of four years as a PDRC committee member, the last two as Commodore. After 22 years working for the same employer I am taking combined long service leave, annual leave and everything else and heading around Australia, returning just before Christmas. You may think that this is just a bit drastic in order to avoid re-election to the PDRC committee but don't forget the Treasurer is coming too — better check the Club bank balance before we leave!

The big social event of the year, the Commodore's Ball is at last being held at our Burswood Clubrooms. The completion of the Clubrooms is something we can all feel justifiably proud of: it will help take our Club into the next century with a strong and professional image and in the long run will be financially rewarding rather than the burden it has been so far.

We will be transforming the now rather barn-like clubroom for the night of the Ball. There will be carpeted floor, wooden dance floor, comfortable lighting, decorations and good furniture (all hired unfortunately — its back to the barn the next day!). Please arrange your tickets now — there will be NO ticket sales on the night.

The next PDRC event is the Spitpost Marathon on 18 May, full details will be in the May Newsletter and at the 12 May General Meeting.

Finally, I would like to THANK this year's Committee, every Race Director, helper and volunteer for their effort and enthusiasm over the last year, the sponsors who have given so generously often for little return, and the members — good luck in 1997/98!

*Keith Brooker***HELMETS**

A reminder that the new helmet regulations become effective as of 1 May 1997. See the January, February or March Newsletter for details of approved helmets.

At least one supplier has indicated that they can give us a better price for these helmets if we can get a bulk order together. Five Star Yamaha in Hamilton Hill, for example, have indicated that they may be able to sell us the AGV Blitz for around \$75 if we put in an order for 30 or more.

If you know which helmet size and colour you require, bring the details to the April meeting and we will put together a bulk order.

PROPOSED ADDITION TO THE SPECIFICATIONS

The following proposed addition to the specifications will be debated and voted at the 14 April PDRC General Meeting.

New Specification

- 8.31 Mercury Seapro 10 HP and Mariner Marathon 10 HP cylinder blocks which have square ports and are fitted with carburettor type WMC50 or WMC50A may be fitted with exhaust adaptor plate - part no 413449.

Proposed: Roy Meagher
Seconded: Paul Tregurtha

**The official launch
of the 1997 Avon Descent****Sunday 20 April 1997****Burswood Clubrooms**

NADA are getting off to an early start this year with the official Launch again being held at our Clubrooms.

It is most likely that there will be Dash-for-Cash on the day but this depends on the outcome of negotiations currently underway with the event sponsors.

Further details will be made known as soon as possible but keep this date free, last year there was \$1,000 up for grabs for the first boat home in a do or die five lap dash.

CALL FOR SPONSORS FOR TROPHIES

Last year we were very fortunate to have two generous sponsors for our club trophies, namely **GFR Industries** and **Cooling Brothers**. This year we invite individuals and businesses to sponsor one or more class of racing.

GFR Industries have the Formula 10 class, following classes open

offered to sponsor which leaves the for sponsorship:

10hp dinghy's	8hp standard dinghy's
8hp sports dinghy's	Tubs
Formula 8 men's	Formula 8 Ladies
Rookies	

The cost of trophies and engraving for each class would be in the order of \$80.

Anyone who would like to sponsor a class is asked to contact Dennis Peach on 041 141 4443.

PDRC and WASDA Perpetual Trophies

Would all current holders of Perpetual Trophies please ensure that they are returned to the Club at the AGM on 14 April **at the latest**.

If you cannot attend the AGM please arrange to have someone take them for you.

RACE REPORT

1997 ALLBUILD BURSWOOD ENDURO

Four pm Saturday - the day before the Enduro, and several members have taken advantage of our access to the Burswood foreshore to do a few practice laps and work out some fuel consumption figures. Meanwhile the race organisers and helpers set out the pit area, marked the course, set up registration and sausage sizzle, it was after dark before all the preparations were finished and we settled down for the night.

The early preparations were well justified as the first competitors turned up at sparrow fart on Sunday and from then on everyone was flat out.

The morning circuit racing ran smoothly enough, Jeremy Paull continued his run of wins in the F8 Mens and Tyrone Wilson took out first place in F10s. Kasey Coates showed that horsepower is not everything by staying with the pack during every heat of F10s despite being 8HP Mariner powered!

Congratulations also to Shane Barden, first in Rookies, stretching his lead in championship points to 40 above Mathew Branson who is close on his heels in second place.

Justin Ferguson stayed upright and kept the bathtub championships on the boil by beating his rivals Bennett and Elliot into second and third places.

With the pits cleared of F8s and tubs and dinghy scrutineering out of the way there was 20 minutes or so of last minute practice and the boats were beached in preparation for the Enduro start. The Le Mans style start, followed

by a period of intense activity as crews fitted props and fuelled their boats was probably the quietest few minutes of the day, the only sound was the slopping of fuel, the odd four-letter word and from one support crew in particular, intense coaching and motivation from the sidelines!

First off the beach with a very smooth start was Frank and John in 124. They were to maintain the lead, looking very comfortable, until their first pitstop. The 10 HP revelled in the long course, each circuit was around 1 min 40 sec, much longer than last year, but their much higher fuel consumption kept them visiting the pit lane more frequently than their 8HP rivals.

The rescue boats were not still for the enduro race, there seemed to be a boat upside down or without a crew throughout the 1½ hours of the

Enduro. The GFR team may need to consider painting race ID number on the bottom of their boats as they seem to spend more time that way up. David Brooker and David Johnson went over three times but managed to hang in to the end and still pick up 20 points!

The lead changed hands several times in the later stages and with five laps to go it could have gone to any one of the five

leading boats 144, 139, 124, 117 and 105. Jay Branson was a very surprised, yet delighted recipient of the checkered flag and there were a lot of relieved crews when the 50 laps were over.

Congratulations to all placegetters and finishers and thanks to all the helpers on the day.

DINGHY DITTIES

It's good to see some of our teams well organised for racing. One person was still working on boat and motor at the Enduro, no helmet or lifejacket, while all other competitors were lined up ready for the flag to drop with about 5 seconds to go.

With the AGM coming up shortly we will see how good some of the more vocal members are when the committee positions come up for grabs.

We could see a drop in 8 Sports entries next season with several members looking towards 10 HP for the coming season.

The strain of Commodore and Treasurer must have gotten to the Brooker Family as they are heading off on an 8 month holiday straight after the Commodore's Ball. I bet they will miss us.
